Student presentation on Town Council Management

20 teams of Year 3 real estate students presented their findings and recommendations on 20 different topics on town council management last Thursday. This is part of a project done by students reading the module Residential Property Management. A panel of 3 judges from the senior management of township management company – EM Services Pte Ltd were present and evaluated all 20 teams. Out of which, 3 teams emerged as winners and received cash prizes kindly sponsored by EM Services Pte Ltd. CEO of EM Services, Mr Tony Khoo, who is also one of the panel judges presented the cash prizes to the winning teams.

“This year’s topics are much more interesting and I am happy to see so many teams presenting their excellent work.” said Mr Tony Khoo in his closing speech. Associate Professor Yu Shi Ming, who teaches the module has also commented that he is impressed by the quality of work presented by the teams. Students have found the module very useful as they have learned so much about town council management and the important roles that a managing agent play.
